

FEEDBACK FROM OUR YOUNG PEOPLE (Jan - Mar 21)

1. Hackney Play Snapshot Survey

The following responses were from 24 young people across the Homerton and Pearson Street playgrounds (Mar2021).

1.1 Which of the following statements do you agree with?

1.2 What do you enjoy most about coming to the sessions?

Getting to see my friends

Having a place to release stress and enjoy different activities individually and in a group

You can interact with your friends also you can make new friends

It's fun and the staff and other young people are nice to talk to

What I have enjoyed is spending time with friends, having fun and staying active.

When I come to the playground it always makes me happy and I go home tired.

Everything is wonderful in all sessions. I have enjoyed everything! It's nice to meet new people and all the staff are very friendly. We have played lots of games and had lots of fun. I've learned so many new skills by going to the playground. The campfires are very warm in the winter and we have lots of food including jacket potato which I enjoy very much.
